

Easter Celebrations

Depending on your family heritage you may be preparing to celebrate the Easter Holiday on April 17 or April 24.

For many it's Passover or Ramadan. And some families have longstanding Easter traditions.

Coloring Easter Eggs, making Easter yeast breads.

Eating lots of chocolate and candy or cream eggs

Making a special family dinner with fresh fruit dishes, baked ham, and having solid butter in shape of lamb...

Hiding colored and decorated eggs outdoors for children to find in a hunt with prizes and toys

Whatever you choose to do today may this EASTER have peace in the world and prayers for humanity to survive.
