

Have you gotten your free ticket yet? Geekapalooza

I've got my ticket for the first ever Geekapalooza happening October 18th – 21st and you're invited, too!

This FREE online event features 50+ amazing guest speakers teaching you all kinds of skills that you can use to start (and grow) your online business with the power of code, community and confidence!

The goal of **Geekapalooza** is to support you wherever you're at in your journey. That is why we have three 'tracks':

1. NewbieGeek – These are fresh-faced, bright-eyed Geeks who are brand new to the online business world and are excited to dive into our Magical Geekdom!
2. ScalingGeek – These are seasoned Geeks who already have online businesses and are ready to take it to the next level!
3. TechJunkieGeek – These are the geekiest of Geeks who may or may not already have an online business... But want to learn *#AllTheTech!*

Now the decision is yours.

You can just keep doing what you are doing and waking up a year from now most likely in the exact same place you are right now..

OR you can join me and attend **Geekapalooza**. Claim your FREE ticket [here.](#)

The price for the ticket will go up soon so don't wait.
