

Work with Me

Work With Me -Book a time in my calendar (calendar option button) OR send me an email message

Thank you for considering working with me. You're giving me the opportunity to earn your business and to help you with your technology and training needs. Due to the nature of our virtual services I don't have a one size fits all package. I prefer to offer a way to get to know your needs and see if I can add value to your business or help you to solve a tech or training problem. **Schedule a [free consultation](#) call or [send an email](#)** to let me know what you are looking for or how I could help you. I will make suggestions for your consideration, or if I can not help you I will introduce you to someone that might be able to help with your problem or question.

HOURLY RATES

Hourly support is available by the actual clock hour, or can be done and billed in 15 minute increments. I also donate a block of time every month for free help as a way of giving back and helping others.

I understand that not every customer is ready for a monthly commitment. This may be due to financial restraints or maybe you want to get to know me before "putting a ring on it". You may not even know what you need or are looking for. I can help you to get some clarity if needed.

MONTHLY RETAINER PACKAGES

Monthly retainer packages are for customers that are ready for support on a consistent basis. The benefit to this type of arrangement is that it give me time to learn your business needs so that I can provide a more tailored level of service. My retainer packages require a three month commitment with a minimum purchase of 2 hours per week. Packages are non-

refundable once the service begins and hours do not carry over from month to month. Each month's retainer package is purchased prior to work beginning.

PER PROJECT PRICING. If your needs don't fit into an hourly or monthly retainer option I offer "per project pricing". This is typically the best option if you are looking for a website design, custom graphics, or have specific marketing needs. A custom quote on your project is given first and then we would have a contract for a certain amount of time and deliverables with on-going communications. Projects can be short term or long term.

FLASH SALES

Occasionally I offer **FLASH Sales** which are for a very limited time and have a discounted price.

These flash sales notices are sent to my mailing list and are done on a by first come, first served basis. These Flash sales are a great way to get small projects done and save some money.

ACCEPTED Forms of Payment for Services include

- Cash (for local work only)
- PayPal
- Credit Card
- Debit Card
- Paper Check sent by mail (work will begin when the check/payment clears the bank)
